SELLER'S AGENCY AGREEMENT

This document gives witness to the existence of an agency agreement between the Gold Coast Succulent & Bromeliad Society Inc. (GCSBS) hereafter referred to as the agent and the plant seller.

Seller Name: _____ hereafter called the principal.

The abovementioned society is not registered for GST nor is it required that it be so registered under current requirements at law.

The principal contracts with the GCSBS Inc. to sell products on behalf of the principal and agrees that the division of sales proceeds received from the agent's customers of the principal's property being tagged and suitably identifiable plants and other plant related material will be divided in the applicable GCSBS proportions as determined by the GCSBS Management Committee. The collection of these distinct portions is made concurrently and comes about by a customer paying the agent for the product.

The principal appoints the GCSBS as its agent for the express purposes of selling agency product on behalf of the principal and agrees that the applicable GCSBS proportion as determined by the GCSBS Management Committee paid to the principal by the agent includes any relevant GST for which the principal may be liable in the normal course of business if the principal is required to be so registered. The principal further agrees and acknowledges that the agent adds its applicable commission on to a price which the principal has advised to the agent includes relevant GST if applicable to the principal.
